## Leadership Development Collection & Online Resource

The library and the leadership and organizational development team are proud to announce our new comprehensive collection of [leadership and change management books](#). The collection is a blend of classic and new leadership titles; some thought-provoking, others more practical (such as the Harvard Business review *20 Minute Manager* series). The collection is conveniently located at the front of the library next to our Popular Health & Science Collection.

But wait! There's more! We've also created the **Leadership Resource Guide:** <http://bit.ly/LeadershipSMH>

This is your one-stop-shop for SMH leadership resources. Here you will find information on leadership and organizational development workshops, articles, and books/ebooks from our leadership collection. Visit the guide today!

## Attention: All Residents!

You might be here for a short time, but the library can help you succeed throughout your residency in many ways. You have access to resources and services to assist you during your residency, and we've put them all in one handy place...
